Welcome to the CFA Society Houston's Mentorship Program. We thank you for your interest in this new endeavor and hope that you find the program to be a useful addition to the Society's member's benefits.

As a mentor, your advice to younger professionals is an invaluable resource. Sharing career experiences, best practices, and past failures and successes, with the next generation can help shape the future of the investment community.

We encourage mentors to create an environment of trust, where ideas and opinions can be exchanged without the fear of retribution. It is of utmost importance, that all parties uphold the highest standard of confidentiality.

As a mentee, you have a fantastic opportunity to learn from some of the top investment professionals in Houston. This is also a chance for you to network with other peers in the program and get involved in the Society. All that we ask from you is to put forth the effort to achieve the goals you have outlined for this program.

Thanks again for your support.
